### **1. A community of practice – reflections on two years together**

#### **Twilight forum for Adult Learner's Week**

Date: Tuesday September 4, 6.30 for 7.00 – 8.30

Venue: North Fitzroy Star Hotel

Refreshments : platters of dips and breads, purchase own drinks

At this Twilight Forum we invite you to join with us to consider what makes a community of practice. We will discuss what elements contribute to sustaining and expanding a group that can lead to an outcome such as the book, Fancy Footwork adult educators thinking on their feet. Part of the attraction of this group was that it functioned independently of any institutions or organizations, although membership of VALBEC was a key thread.

We will use the book, Fancy Footwork, (<http://www.valbec.org.au/05/fancyfoot.htm>) and our insights as an example to invite participants to share their own ideas and experiences of communities of practice.

#### **Program**

##### **Integrating New Literacies Into Classroom Practice - Upper Yarra Community House**

This is an L&N Innovative DEST funded project. Teachers and students have come together in an action research project to explore the home literacies of youth and to create a teacher resource that both informs teachers and provides activities that engage young students. It has been an enlightening journey! SMS, Games and Website activities have been trialled with an underpinning critical literacy perspective. We are in the fourth stage of our project of creating the web site. We will present our website under construction, share the experiences of learning how youth use the new literacies and explore activities that have been created.

##### **Community Wide Study Circle Orientation Workshop - Dr Mark Brophy.**

How do we help all learners succeed? From engaging and empowering disadvantaged learners to building community capacity, the study circle is a unique alternative that promises controversial and exciting opportunities. The Workshop will consist of:

- An introduction to study circles.
- Participation in a sample study circle on the issue of how we help every student succeed.
- Discussion on ways that community wide study circle programs circles are utilised in the US and Bangladesh.
- An overview of how to plan for community wide study circle programs.

**After lunch** there will be two options
